**Completed applications must be returned by 31st January, 2010** and should be accompanied by a statement of how attendance at The Attingham Summer School may benefit the candidate's career, together with a letter of recommendation. Please email [rebecca\\_parker@btopenworld.com](mailto:rebecca_parker@btopenworld.com) if you have any queries when completing the form.

**Applications**

Applicants will be notified of the outcome of their application during the second week of March, 2010. To secure a place on the Summer School, successful applicants are asked to make an initial deposit of £250.00 with the balance of the full fees payable by 30th April, 2010. Participants are strongly advised to insure against cancellation as refunds will not be payable once a place on the programme has been confirmed.

\* For applicants from Australia seeking scholarships, please refer to <http://www.coplandfoundation.com.au> before 30th November, 2009.

Please note when making your application that this is an intensive and physically strenuous course.

Whilst we are happy to cater for vegetarian needs, other specialist diets cannot always be accommodated.

Applicants should be in full-time employment in a museum or art gallery, conservation body or equivalent organisation, practising architects concerned primarily with conservation, teachers of the fine and decorative arts or architecture or others involved in related professions.

### **Scholarships**

As scholarship funding is limited, applicants are encouraged to approach their institutions for full or partial financial assistance, particularly those applying from commercial organisations. Please supply a statement of financial need when making your application.

All candidates awarded scholarships are asked to make a personal contribution of £200 to support the work of the Attingham charitable trust. Similarly, those who receive any other financial support towards the cost of the course fees are asked to make this donation.

*The Council of The Attingham Trust reserves the right to adjust fees if there is a substantial change in the exchange rate, as these were assessed on the basis of assumptions made in September 2009. Should this prove to be necessary, members will be informed by April 1<sup>st</sup> 2010.*
